NSPCC number day 2024

What is NSPCC Number Day?

NSPCC Number Day is an engaging and educational fundraising initiative that combines learning with fundraising. All classes were encouraged to embrace numbers and mathematics in creative and enjoyable ways. The event is organised by the NSPCC, the leading children's charity in the UK, with a mission to prevent child abuse and provide support to children and families in need. It was really good to see so many of our children supporting this annual event by choosing to come to school wearing a number and donating to the charity. Well done everyone, thank you!

Safer Internet Day 2024 will take place on the 6th of February 2024, with celebrations and learning based around the theme 'Inspiring change? Making a difference, managing influence and navigating change online'. Safer Internet Day is the UK's biggest celebration of online safety. We teach our children how to keep safe online throughout the year and celebrate this as a school annually on this day in February with online safety lessons and a special assembly.
