We help children love each story and go on to use 'Tier Two' words (words they rarely encounter in every day conversation) *from* the story in everyday contexts.

This extends and deepens vocabulary so that children can understand the books they will soon be able to read for themselves.

Characters

Baby Bear is playful, inventive, and confident in his own ideas, especially when he's pretending.

Setting

The story is set mainly in Baby Bear's home at bedtime, which transforms through his imagination into outer space and **the Moon**. The contrast between the cozy house and the imagined space adventure highlights the power of creative play.

Plot

One night before bedtime, Baby Bear decides he wants to go to the moon. Using everyday household items, he builds a pretend rocket and sets off on an imaginative adventure. After exploring and having a picnic, he returns home just in time for a bath and bed, showing how ordinary routines can spark extraordinary imagination.
